

Accounting and Auditing Update

Keep abreast of the fast-paced changes in accounting and auditing. This course covers the most relevant pronouncements, exposure drafts and consensus reports recently issued in the accounting, auditing, compilation and review arenas. This training will help you identify and apply recently issued FASB statements, interpretations and technical bulletins. Learn how to assess the effect of current auditing standards and standards on accounting and review services from coverage of the latest issues at the AICPA, EITF and FASB.

OBJECTIVES

Upon completion of this course, participants will be able to:

- Understand recently issued FASB statements, interpretations and technical bulletins
- Assess the effect of recently issued auditing standards and standards on accounting and review services
- Recognize recently issued statements of position and industry accounting and auditing guides
- Visit the topics included in the Emerging Issues Task Force consensus reports
- Anticipate forthcoming standards in accounting, auditing, compilation and review services

HIGHLIGHTS

- Current issues at the AICPA and EITF
- Current FASB topics
- New developments in auditing and compilation and review services
- New SASs
- PCAOB and SEC reporting requirements

WHO WILL BENEFIT

- Accountants in public practice and industry who desire a quick update on accounting, auditing, compilation and review pronouncements
